

Permaculture: Our January meeting was held at Ellen Paul's house in Waterville. There was no business meeting this month. Sixteen of us, including several new participants, enjoyed our usual fabulous Potluck dinner and viewed Grace's Backyard, a film about a family's permaculture farm and lifestyle. It was inspirational. Here's a trailer:

Mid-February at the Huck Farm in Fairfield, our group learned how to process acorns into flour.

Some of the excellent offerings at the potluck were made from the flour!

Our next Permaculture Team meeting is the 3rd Monday of March at Jo Ashburn's house, 39 Barnet St in Waterville.
